

# EARTH'S FUTURE CAN'T RELY ON A SINGLE PERSON

BY MADDIE GOFFMAN

Everything can change  
It just takes a little time  
Reuse trash  
Be really kind  
Take shorter showers  
Turn off the water  
By helping earth you have so much more power  
Plant every tree you can  
And that, right there, is a plan  
Some animals are all alone  
But you can be kind and give them a home  
Stand up for what's right but  
Never try to start a fight  
Help those in need  
And try to make peace  
Do the right thing  
Be the change
